

South Carolina FAASTeam presents:

FAASTeam Flight Instructor Open Forum - Got Weather?

FAASTeam Flight Instructor Open Forums provide an opportunity for Flight Instructors, Ground Instructors, Designated Pilot Examiners, and the FAA Safety Team (FAASTeam) to meet and discuss one or more of the Top 10 Causal Factors in General Aviation Accidents at each of the Open Forums. The focus on this meeting will be how CFI's teach weather information gathering. Are you placing enough emphasis on the most common weather related accident causes? Do you train your students to obtain at least some basic weather information? An alarming number of General Aviation accidents occur because of pilots not obtaining ANY weather brief prior to flight. During this event we will discuss some tips for Flight Instructors to ensure their students properly learn weather essentials and also some new tools available to make weather briefs better. Learn how other CFI's train their students to avoid surprises. Click the link below and register TODAY.

Directions: Fly In: Park on Southwest Ramp and hangar is attached to cafe Drive In: Park in parking lot and enter hangar from parking lot.
